

#IAMchallengingbehaviour Gold Badge nomination form

To be considered for a Gold Badge the person nominated should have demonstrated consistently that they are challenging the people and professionals who think they know best and whose behaviour stops people getting a great life.

Nominees can be anyone. We are particularly pleased to receive nominations for family members and people with learning disabilities, or people who have been labelled by others as having 'challenging behaviour' and who are challenging these labels!

To be clear, this is a positive campaign so we want to celebrate positive successes and amazing champions and what they do and not dwell of individuals and organisations that have stood in the way of people having great lives.

We ask for a nominal contribution to the campaign of **£2** to cover the badge and postage. However, if you cannot afford this, please don't be put off nominating as we will try to cover the cost in these circumstances.

Contributions are via BACS (please make contribution before sending this form);
